

Case Files 05 & 06

Scripts, descriptions, thumbnails and SEO: ready to post

Prepared 3 October 2026

What changed after the last round of feedback

- Hooks: new, eye-catching openers with a money or personal stake in the first 2 seconds ("This one line just cost a firm £54,500", "Ltd company director? So your house is safe... right?").
- Language: conversational British English used UK-wide ("fifty-four grand", "on the hook", "who had the clout", "just a quick signature"). No regional slang.
- SEO: researched UK search phrases are spoken and shown in the first 5 seconds and used in titles, descriptions and tags: "limitation of liability clause", "reasonableness test", "enforceable", "Ltd company director", "personal guarantee", "home, car and savings".
- Conversion: both videos end with "dogetlawyer.com, link in bio" plus a LINK IN BIO button; Case 05 adds a comment prompt and a 60-second challenge; Case 06 adds "save this".
- Format & look: each video uses a different format, palette and font family. Case 05: myth-buster, plum/rose, Anton. Case 06: chat story + 5-point checklist, black/scarlet, Archivo Black.
- Compliance: no prices or offers, no claims of certification or money recovery, legal points hedged as "general position", fictional demo data labelled, standard fine print on every closing card.

Before posting (both videos)

- ☐ Record the voiceover (clean reads on the script pages) or generate it, and drop it onto the silent audio track.
- ☐ Set dogetlawyer.com as the link in bio on YouTube, Instagram and TikTok; the videos send people there.
- ☐ Upload the matching thumbnail / vertical cover, paste the title, description, tags and pinned comment.
- ☐ Judge results on average % viewed after 24 hours (the auto-renewal video got 5.6%; the boss's example got 57.3%).

Description (YouTube / Shorts; trim for Instagram & TikTok)

Limited company director? If you've signed a personal guarantee, your company's protection doesn't cover that debt, and GOV.UK's own guidance says your home, car and savings could be used to pay it.

Suppliers, landlords and lenders ask for personal guarantees all the time, often on a "quick" credit account form. Before you sign, check these 5:

1. Search for "guarantee" and "indemnity"
2. Is there a limit, or is it unlimited?
3. How do you get out? (Some carry on after you leave the company)
4. Who else is signing? (joint and several)
5. If your home's on the line, get advice before you sign
